Contents

<i>Preface</i>	
H.S.H. PRINCE ALBERT II OF MONACO	I
<i>Opening address</i>	
Robert CALCAGNO	9
<i>Introduction</i>	
Julien ROCHETTE	13
<i>Framing the debate on marine biodiversity conservation beyond national jurisdiction: processes underway and main deadlines</i>	
Kristina M. GJERDE	19
Chapter 1	
<i>How can high seas biodiversity be assessed in order to inform decision-making?</i>	
<i>Introduction</i>	
Harold MOONEY	41
<i>Is the lack of scientific data on deep-sea ecosystems a limiting factor for decision-making?</i>	
S. Kim JUNIPER	43

<i>Discussion</i>	
<i>Different views on the marine biodiversity assessment processes</i>	
<i>Marine biodiversity urgently needs global scale protection</i>	
Sophie ARNAUD-HAOND	55
<i>An overview of existing marine assessments</i>	
Patricio BERNAL	57
<i>Promoting integrated assessments of marine biodiversity</i>	
Jake RICE	61
Chapter 2	
<i>Prospects for the sustainable management of fishery resources in areas beyond national jurisdiction</i>	
<i>Introduction</i>	
Ussif Rashid SUMAILA	67
<i>Do fisheries organisations and agreements provide an appropriate framework for sustainable management of deep-sea fisheries in the high seas?</i>	
Tullio TREVES	71
<i>Building sustainable high seas fisheries through certification processes: issues and perspectives</i>	
Rosemary RAYFUSE	93
<i>Discussion</i>	
<i>What are the options for ensuring the sustainable management of high seas fishery resources?</i>	
<i>Some comments on recent developments in fisheries governance</i>	
Robin ALLEN	111
<i>Relationships in fisheries governance</i>	
Gudmundur EIRIKSSON	115
<i>Filling the gaps in international fisheries governance</i>	
Lisa SPEER	117

Chapter 3

Strengthening the protection of marine biodiversity in areas beyond national jurisdiction

Introduction

Biliana CICIN-SAIN 123

International navigation and sensitive ecosystems found in areas beyond national jurisdiction

Tullio SCOVAZZI 125

Should the international regime on accessing and sharing of high seas resources be redefined?

Jean-Pierre BEURIER & Gwenaëlle PROUTIERE-MAULION. 135

Content of a possible United Nations Convention on the Law of the Sea Implementing Agreement on the Conservation of High Seas Biodiversity

Serge BESLIER 155

What role for the International Seabed Authority in a future governance of biodiversity in the high seas?

Gwenaëlle LE GURUN 167

Discussion

The regional level: alternative or complement to a global approach to the protection of high seas biodiversity?

Good news from the Antarctic

James BARNES 181

Current initiatives for the conservation of marine biodiversity within the framework of the Indian Ocean Commission (IOC)

Denis ETIENNE 185

Marine biodiversity issues associated with high seas governance: the Oceania region perspective

Michael I. JEFFERY. 187

Towards a better governance of the western Mediterranean beyond territorial waters

Habib SLIM 191

Chapter 4

What are the options for an effective governance of marine biodiversity in areas beyond national jurisdiction?

Introduction

Jean-Louis BISSUEL 201

What international coordination for marine biodiversity governance in areas beyond national jurisdiction?

Annick DE MARFFY-MANTUANO 205

Which place for high seas within the Convention on Biological Diversity framework? Developments of the ninth meeting of the Conference of the Parties (Bonn, Germany, 19-30 May 2008)

Salvatore ARICO 231

A suggestion for a draft high seas implementing agreement for the conservation and management of the marine environment in areas beyond national jurisdiction

Duncan E.J. CURRIE 239

Governance beyond areas of national jurisdiction.

Linkages to sectoral management

Lori RIDGEWAY 245

The high seas: towards a new age ?

Elie JARMACHE 261

Discussion

How can the high seas be included in debates on international environmental governance?

Coupling global and regional approaches

Lucien CHABASON 269

Industry leadership in governance and sustainable use of the high seas

Paul HOLTHUS 271

Re-forming the “market, governments, civil society” triangle

Ibrahim THIAW 277

Lessons learnt from the climate change negotiations

Jacob WERKSMAN 281

Conclusion
 Laurence TUBIANA 285

List of acronyms and abbreviations 289
